The Annual Quality Assurance Report (AQAR) of the IQAC

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)

Overall Infrastructure of the college

7.3 Give two Best Practices of the institution (*please see the format in the NAAC Self-study Manuals*)

7.3: Best Practice I

1. Title of the Best Practice I: Extension of new building

2. Goal: Our College has an individual building in which school also runs at noon. Class rooms, labs, offices were inadequate enough to cope up with a number of strength of the students of the college. The goal of the college was to set up a new building for challenges of the upcoming exercises in the college.

3. The context: The College has more than 1700 students and the classrooms, labs and library were compact in space. In order to fulfill the students' requirement, the management decided to build a new building.

4. The Practice: The new building has large classrooms which provide ample space to further activities like welcome function, farewell function, seminars, workshops and guest lectures. Now many competitive exams are held in our college comfortably. The clash of time with the school is resolved with the availability of new building.

5. Evidence of Success: There are 22 old classrooms and 10 new classrooms which provide an opportunity to both college and school to have a separate centre for various exams. College library is shifted from the old building to the new one to provide good facilities to college students.

6. Problems Encountered and Resources Required: There are some good facilities in the new building still it lacks important ones. The building does not have fire safety, water room and toilets separately.

7.3: Best Practice II

1. Title of the Best Practice II: Extension activities

2. Goal: The goal of the extension activities is to be social and cultural rather than being only professional in the modern era. Extension activities provide a platform to all students to do social activities.

3. The context: Extension activities provide a chance to meet new places and new people to work with. Students can develop their leadership and management qualities.

4. The Practice: The College organizes extension activities every year. In order to motivate students, teaching staff provides the knowledge about it.

5. Evidence of Success: Every year sport students who won the inter college competition are sent for the next stage. Thus, students can know their potentiality in a particular field. Besides, those students who got medals in youth festival participate in national level competition.

Every year our college become a host for a particular game and invites other colleges for the competition.

Social awareness programs are organized off the college campus.

6. Problems Encountered and Resources Required: Sometimes due to hectic academic schedule, extension activities are not justified to some extent. Most of the teaching staff is on adhoc base. Hence everyone is not willing to take responsibility.

ANNEXURE –IV

SWOC ANALYSIS:

Strengths:

- Increased computing skills of teaching and non-teaching staff.
- Students are enrolled with merit system which invites quality students.
- Faculty members support one another for extra academic achievement.
- A huge sports ground.
- Museum hall for seminars and conferences.
- Active participation and achievement in national events.
- A hostel facility.
- Canteen facility in the campus.

Weaknesses:

- The college runs on teaching and non-teaching ad-hoc staff.
- Lack of consistency in maintaining quality in teaching due to new recruitment in Ad-hoc staff every year.
- The building of the college is much older and needs renovations.
- Less interest in the students to develop language-oriented skills.
- The college does not have staff quarters for accommodation.
- The college does not have tennis ground separately.

Opportunities:

- Demand of M.Com English medium class.
- Demand of additional NSS unit as well as girls' NCC unit.
- After graduation and post-graduation, students can get guidance from experienced faculties for the preparation of competitive exams.
- Students can take admission in extra courses interestingly.
- Students can complete his or her whole education from a single campus.
- Faculty and students are provided with ample opportunities to work with the community.

Challenges

- To maintain quality education due to the semester system.
- To promote research activities in ad-hoc staff.
- To maintain interest of the students in higher education.
- To maintain good strength of quality students every year.
- To bring consistency in all over performance of the students.
